Multifaceted experience across diverse industries in Indian and global markets, international inspirational orator, a regularly published columnist, a global thought-leader, and a powerful influencer. Active liaison with the government and other important agencies for representing the interests of UN affiliate organisations as an Advisory Board Member and as India Advisor.

Enabling HR to be a driver of Sustainability within the Company

Learning

This is a real chance to learn about Sustainability and its impact on the HR, L&D and People functions within a company. It will also be an opportunity to discuss potential actions (big or small) that could be initiated.

Agenda

- A Business Issue
- The Role of HR
 - Developing a sustainability vision and strategy
 - Leading and communicating sustainability
 - Executing for sustainability
 - Empowering broad based action
 - Anchoring sustainability into the culture
 - Innovation for a sustainable future
- Keeping Score
- Talent Recruitment and Retention
- The Capability Gap

"then you get people who are excited about working for an organization that shares their values and is doing something which is helping to improve the environment."
